The rules for the Three Card Poker – All 6 wager at this casino (as set out below) are our commitment to players in ensuring that the gambling we offer is 'Fair and Open' in accordance with the licensing objectives of the Gambling Act 2005. THREE CARD POKER ALL 6 WAGER

1. To make this wager a player must also make a pair plus and/or an ante wager.
2. This wager is that the player's 3 card hand combined with the Dealer's 3 card hand forms a qualifying hand as indicated in the pay table below.
3. If a player makes this wager and their hand combined with the Dealer's hand does not form a qualifying hand as indicated in the pay table below then the wager will be lost to the House. If the player's hand combined with the Dealer's hand forms a qualifying hand then they will be paid at the odds below:

6 Card Straight Flush	10,000 to 1
4 of a Kind + a Pair	1,500 to 1
Double 3 of a Kind	1,000 to 1
6 Card Flush	500 to 1
6 Card Straight	125 to 1
3 Pair	75 to 1

A player will only be played for the highest winning qualifying hand even though a 6 card combined hand may contain more winning combinations.

In the event of a misdeal all wagers are void.

HOUSE EDGE

The House Edge is a measure of how much the House expects to win, expressed as a percentage of the player's wager. For example, in a wager with a House Edge of five percent the player will lose, on average over time, £5 for every £100 wagered. House Edges vary by region, casino and game. In some games, player betting or skills decisions can affect the Edge, but it's important to keep in mind that the House always has some advantage against the typical player.

THE HOUSE EDGE FOR THE ALL 6 wager is 22.54%
